DEDICATION

We, the staff of the 1958 Pineas, proudly dedicate this annual to the parents of this community who help make possible the fine education that each boy and girl receives. They have been effective in giving every student greater opportunities for learning so that he will be better prepared to go forward into the future. Without the untiring patronage and munificence of these people, it would not be possible to have the school that we have today. We sincerely wish to extend a token of appreciation to those individuals who have so unselfishly given of their time and efforts to the interests and advancements of Bunnell High School.

Z. D. HOLLAND

As you take your place in the world, remember that the most vital component part of democracy is human relations--respecting the dignity and the integrity of the individual and the group.

May your future be so planned and managed that the important experiences of your life will bring you both honor and satisfaction.

A handwritten signature in dark ink, appearing to read "Z. D. Holland". The signature is fluid and cursive, with a long horizontal line extending to the right.

CLASS HISTORY

Well, at last we were through Elementary and Junior High and were Freshmen. Now at last, we could attend the dances and even give them. We'll never forget our initiation. The boys were dressed up as girls and the girls wore burlap sacks and carried baseball bats. We were really a sight! Our sponsor this year was Mr. Prince.

As Sophomores, we put on our share of the dances. Our sponsor was Mr. Lowe. For the Halloween Carnival we put on the "Kool Kat's Nite Club." This was also the year of the water guns.

Mrs. Broadaway was our sponsor when we were Juniors. This was the year we were to put on the Homecoming and to begin raising money in earnest. Our magazine drive was a real success and set a new record. We got our class rings and were we proud! We took a trip to Tallahassee for "Know Your Government" tour and had lots of fun besides learning a lot. We thought we would never be through decorating for the Prom in time, but we were.

In our Senior year, we are again fortunate enough to have Mrs. Broadaway as sponsor. Glynnola Kinard and Herbert Rodgers reigned as Homecoming Queen and King. Marsha Daniels and Louis Friedman were our Harvest Ball Queen and King. Melba Tucker of the senior class sponsored by Hi-Y was chosen Miss Bunnell High.

We have nine members who have gone all the way through school together at dear Ole B.H.S. They are, Barbra Cantrell, Jim Cook, Billy Deen, Celia Joyce Emery, Phyllis Hosford, Doris Malphurs, Herbert Rodgers, Richard Stuckey, Melba Tucker.

PRINCIPAL'S MESSAGE

Try to put well in practice what you already know; and in so doing, you will in good time, discover the hidden things which you now inquire about. Practice what you know, and it will help to make clear what now you do not know.

TOMMY BERTHA--Tommy is engaged to Marylin Monroe after jilting Jayne Mansfield.

BARBRA CANTRELL--We find Barbra as coach for the Globe Trotters.

MARSHALL CREWS--Oil! Oil! Marshall has finally struck it rich. Now he can sit back and let someone else do the work.

MARSHA DANIELS--We find Marsha modeling Miss Babbitt's Paris Originals. Marsha also designs Corvetts in her spare time.

BILLY DEEN--Billy is now the greatest, (and richest) farmer in Flagler County. His fame came from a secret formular for growing potatoes.

RUTH DUPONT--While strolling down Wall Street, who do you think I bumped into? It was Ruth of course. She is now keeping the books for her husbands barber shop which is the largest in Florida.

CELIA EMERY--Celia is owner of Kalumet Farms and owner of that great horse, Man of War V who just won the Kentucky Derby.

LYNN FARNSWORTH--If anyone is taking a trip from Hawaii to Canada, they will find the trip very enjoyable, because Lynn is the air hostess for the flight.

MARCIA McNAB--Marcia owns half interest in Florida Power and Light Co. As a hobby and past time she polishes her new Corvette designed by Marsha Daniels.

CHARLES NORTHRIP--We find Charles a very prosperous legal advisor for the President. What does he do in his spare time? He is a drummer at the Copacabana.

SENIOR CLASS POEM

Our high school days are near the end,
The storms of life draw nigh,
But these twelve years have only been,
A twinkle in God's eye.

We stand upon the threshold,
Of a new and brighter day,
We have our memories to guide us,
Along life's dreary way.

Our fate unfolds before us,
And fades into the blue,
Our hearts ring out as we embark,
On a voyage old, yet new.

It's hard, at first, to find the way,
But hard or not, we try.
Like baby robins know someday,
That they must learn to fly.

We look with humble gratitude,
To those who reared us well,
And stooped to raise us up again,
As often as we fell.

But when that final day arrives,
And we are laid to rest,
We can say, "Dear earth, I served thee well,
Dear God, I did my best."

- Alan Beck in New England Mutual Life Insurance Company Home Magazine. Appeared in Reader's Digest, January 1950.

WHAT IS A BOY?

Boys come in assorted sizes, weights and colors. They are found everywhere--on top of, underneath, inside of, climbing on, swinging from, running around or jumping to. Mothers love them, little girls hate them, older sisters and brothers tolerate them, adults ignore them and Heaven protects them. A boy is Truth with dirt on its face, Wisdom with bubble gum in its hair and Hope of the future with a frog in its pocket.

A boy has the appetite of a horse, the digestion of a sword swallower, the energy of a pocket-size atomic bomb, the curiosity of a cat, the lungs of a dictator, the imagination of a Paul Bunyan, the shyness of a violet, the audacity of a steel trap, the enthusiasm of a fire-cracker, and when he makes something he has five thumbs on each hand.

He likes ice cream, knives, saws, Christmas, comic books, the boy across the street, woods, water (in its natural habitat), large animals, Dad, trains, Saturday mornings and fire engines. He is not much for Sunday School, company, schools, books without

What Is A Girl?

Little girls are the nicest things that can happen to people. They are born with a little bit of angel-shine about them and though it wears thin sometimes, there is always enough left to lasso your heart - even when they are sitting in the mud, or kicking on the front door, or parading up the street in your best clothes.

A little girl can be sweeter (and badder) oftener than anyone else in the world. She can jitter around, and stomp, and make funny noises that frazzle your nerves, yet just when you open your mouth, she stands there demure with that special look in her eyes. A girl is Innocence playing in the mud, Beauty standing on its head, and Motherhood dragging a doll by the foot.

Girls are available in five colors - black, white, red, yellow, or brown, yet Mother Nature always manages to select your favorite color when you place your order. They disprove the law of supply and demand - there are millions of little girls, but each is as precious as rubies.

God borrows from many animals to make a girl. He uses the song of a bird, the squeal of a pig, the stubbornness of a mule, the antics of a monkey, the spryness of a grasshopper, the curiosity of a cat, the

speed of a gazelle, the slyness of a fox, the softness of a kitten, and to top it all off He adds the mysterious mind of a woman.

A little girl likes new shoes, pretty dresses, small animals, first grade, noise makers, the girl next door, dolls, make-believe, dancing lessons, ice cream, kitchens, coloring books, make-up, cans of water, going visiting, tea parties, and one boy. She doesn't care so much for visitors, boys in general, large dogs, church services, straight chairs, vegetables, snow suits, or staying in the front yard. She is loudest when you are thinking, the prettiest when she has provoked you, the busiest at bedtime, the quietest when you want to show her off, and the most flirtatious when she absolutely must not get the best of you again.

Who else can cause you more grief, joy, irritation, satisfaction, embarrassment, and genuine delight than this combination of Eve, Salome, and Florence Nightingale? She can muss up your home, your hair, and your dignity - spend your money, your time, and your temper - then just when your patience is ready to crack, her sunshine peaks through and you've lost again.

Yes, she is a nerve-racking nuisance, just a noisy bundle of mischief. But when your dreams tumble down and the world is a mess - when it seems you are pretty much of a fool after all, she can make you a king when she climbs on your knee and whispers, "I love you best of all!"

Here the far horizon beckons;
Here today is lived, enjoyed;
Here tomorrow ever reckons
On the NOW - if well employ'd.

Here we come for self discovery;
Here we come to learn to plan;
Here we try, though people vary,
Man's humanity to man.

Here great spirits help to point us
To the paths that upward lead,
To the frontiers looming glorious,
To be scaled for human need.

Here one may achieve self-mastery;
Here the spirit may find peace,
Come to think of life more vastly -
Other's powers to help release!

The true scholar is a see-er,
Questing e'er for truth toward weal,
In the "facts" that we uncover -
Which (?) for human worth are real.
